Dear Parents,

The Year 5 ‘Number Club’ will commence next **Monday 6th February**. These sessions will occur each week from **3:00 – 3:45pm**. Our initial focus for these sessions will be the consolidation of fundamental numeracy skills, however students of all ability/confidence levels are welcome to attend.

We will both be present to offer student support in a range of ways, including small groups that focus solely on strengthening basic number skills and how to utilise problem solving strategies to ‘tackle’ worded problems.

If you feel that your child would benefit from participating in **Number Club** this term, please complete the slip below and return to school by **Monday 6th February**.

If you have any questions, please don’t hesitate to contact your child’s teacher.
